"I am Patricia woods. I will soon be fifteen years old. Five years ago, a girl, named Johanna, 12 years old then, started teasing me about my glasses. I got really worried and upset. I told my mum, who complained to the school. It would get better for a week, and then start again.

"When I went to secondary school, she was there; and some other girls who used to be my friends joined in. It made me cry. The rest of the class just ignored it. They didn't stick up for me."They probably thought they would get picked on, too. I used to be a lot more scared of teachers than I am now. In the past, I wouldn't tell them, but now I'd always tell them about bullying.

"During the first week of secondary school, whenever the main bully saw me she'd walk quickly towards me, hit me in the stomach and carry on walking. It happened between two classroom blocks."The teachers investigated it, but because a girl who witnessed it says she saw nothing, they say there's nothing they can do. So my mum took me out of school and is trying to get me taught at home.

I have anxiety problems and the doctor has signed me off."I want to go back to school. Joanna have to leave, not me. I want her to realise that what she's done has affected me badly."Tell me please what to do?

Earth Day ,Every Day

Earth Day is on April 22nd every year .Earth Day is a day to remember to take care of our planet , Earth .We can take care of our planet by keeping it clean

We can keep Earth clean by following the rule of "reduce ,reuse, recycle". Reduce means use less .We can reduce our use of resources like water or gasoline .Reuse means use again , rather than throw things away .We can reuse many things , such as jars ,plastic bags , and boxes .Recycle means to make something new from some thing old . We can keep Earth clean by recycling materials such as aluminum ,paper , and plastic .If we take these materials to a recycling center , they can be used again in a different way .

On Earth Day , we remind ourselves and everyone on Earth that we must do these things . We must do these things every day ,not just on Earth Day .We must all do our part ,and we can make a difference.

On April 22nd ,remind everyone you know that Earth Day is every day .
